SPRAY DESCRIPTION

Aqueous formulation for cleaning any type of lenses with long-lasting ANTIVAHO effect and effective antistatic properties.

CLOTH DESCRIPTION

Microfiber anti-fog cloth. Dry cleaning without liquids additional.

RECOMMENDATIONS FOR USE

Apply the Spray on the lenses on both sides and clean with a soft paper (cosmetic tissue) until removing all impurities. The lenses will be completely clean.

RECOMMENDATIONS FOR USE

Rub the suede on the lenses from both sides until all impurities are removed. The lenses will be completely clean.
